

## THE PRECIOUS BIBLE

*This gold covered Bible is displayed in a castle near Paris, France. Gold is a precious metal, and it is very special to be used on a Bible cover. When I took this photo, it reminds me of the Bible verse Psalm 119:72. There are three points I observed in this Bible verse.*

*The law from your mouth – This is about God’s words and commands. It includes the Bible as well as God’s message in sermons and prayers. Of course, the Bible contains many clear messages and commands from God. It is so beneficial to us. Thus, we shall read and study it often.*

*More precious – It is compared to other precious material, possessions and even relationship. In another word, it is most beneficial, valuable and has the highest priority.*

*To me – This is the ultimate question to each of us. Is it the most valuable and has the highest priority in your life? It is true for the psalmist. Is it true for you? May God’s word be our most precious thing and follow commands be our highest priority.*

Psalm 119:72 The law from your mouth is more precious to me than thousands of pieces of silver and gold.
