

## THE SKIES PROCLAIM GOD'S WORK

*Psalm 19:1 The heavens declare the glory of God; the skies proclaim the work of his hands*

*While I was watching this beautiful sunset, I can't help myself of not taking a photo of it. It is so gorgeous! The beauty and the order of this universe really reveal God's glory. No one can have the wisdom to create this universe except God. That is why this verse states the skies proclaim the work of His hands.*

*God created all this for us. The earth was created so that it is suitable for human to live such as having proper temperature, water, food, oxygen, etc. The design of the earth atmosphere is amazing. It provides us oxygen to breathe, filters out sun's harmful ultraviolet radiation, burns up incoming meteorites, regulates temperature, and prevents large temperature change between day and night.*

*In addition, the universe was created so that we can appreciate the beauty of it.*

*This universe constantly communicates to us about God's greatness. Thus, Romans 1:20 tells us God's eternal power and divine nature have been clearly seen, being understood from what has been made, so there is no excuse not to acknowledge Him.*

*Let us remember to praise God and thank God whenever you see God's creation!*
